## Project zone: -

- Social Awareness

## Project Idea

- We will discuss an issue that strongly affects our society.

## Idea Core: -

- **Awareness advertising campaign (Screen Trap)**

We believe that the prosperity of any nation begins with individual awareness, and true success is not an escape into screens but the result of our efforts, abilities, and wise understanding of life. Our actions can only be wise if our thoughts are wise, and our thoughts can only be wise if we truly understand the world around us.
